COUNTRY MEETS CITY TWO WORLDS - ONE PACKAGE

Bern, 10 April 2013 - Accommodation in a superior city hotel? Or glorious golf in a setting of great scenic splendour? The best of both are combined in a special summer package being launched this month in Switzerland.

The "Country meets City" package is being offered from April until the end of October 2013 by Golf Emmental and two top hotels in Bern - the 5-star superior Schweizerhof and 4-star superior Allegro. This exclusive arrangement combines luxury and lifestyle in Switzerland's captivating capital with the fun and fascination of golf in one of the country's most scenic settings. The three premium partners have teamed up to create a unique leisure-and-pleasure programme. The offer is open to both beginners and experienced golfers and comprises sporting pleasure on the course with wellness, great gastronomy and other highlights in the hotels.

General Manager Michael Thomann of the Hotel Schweizerhof Bern - himself a passionate golfer - is convinced that the package has great potential: "It brings together the best of Bern's hotels with a wonderful golfing experience in beautiful countryside." And General Manager Patrik Scherrer of the Hotel Allegro Bern adds: "Our capital and its surrounding scenery are an irresistible combination. The mix is a must for city lovers and golfing enthusiasts seeking that something special in Switzerland."
